

(Serving in Another Kingdom)

Daniel 8:1-27

Main Idea

Serve wherever you are placed

Ice Breaker

1. What animal would you suggest that represents you?

Discussion Questions

1. Why do you think God allows the transgression of His moral law for such a long time?
2. Where have you seen God active in violent war affairs?
3. Is there anything about this vision that confuses you?
4. When in your life have you been confused at what God was trying to communicate to you?
5. Just as Daniel continued to serve God after seeing this vision, how can you serve while waiting for Christ return?
 - Think about the spheres of influence you have
 - Where you live, where you work
 - Ask God, "Lord how can I serve You where You have place me in my life right now"?

Application

1. Remember that no matter how severe the persecution, God will never forsake His children!
2. Continue to pray for those who don't have a relationship with Jesus Christ and are lost
 - As the visions begin to take form, Daniel's reaction to them demonstrate his concern for what his people will someday endure.

Bottom Line

Be reminded to make every day of taking care of the KING's business
