Pastor Jesse Waggoner

On Holy Ground

Exodus 3:5

**In order to hear God's voice,
we must know that God is different than us**

We must understand God as different

Different in nature

Different in ability

Different in intention

Change your thinking about God

We must respond to God as different

Leave behind human achievement

Leave behind human corruption

Leave behind human ambition

Change your behavior before God

Step onto holy ground and listen to His voice
