## The Land of the Giants

2 Samuel 21: 15-22

### The Strange Factor:

The Bible on multiple occasions mentions the existence of Giants

### The Underlying Meaning:

There is great variety in the size of humans  
There were times, tribes and instances of giants

(Gen. 6:4, Num. 13:33, Duet. 2:11, 3:11, I Sam. 17, 2 Sam 21:15-22)

“Giants” means those who are larger than usual,  
strong and notable

Giants are always seen as bullies  
Giants were always overcome by God’s strength

### The Lessons for Us:

We should expect “Big” opposition  
We count on our God’s superior power  
We must step forward in His strength
