Breaking the Ice:

As we continue to consider the story of David and Goliath, what are some “modern day giants” that we face? Discuss.

- Watch opening video presentation

Exploration:

In the following verses identify the **actions** that David took

1 Samuel 17:38-40

1 Samuel 17:40a

1 Samuel 17:40b

In the following verses identify the **beliefs** that David expressed

1 Samuel 17:45

1 Samuel 17:46

1 Samuel 17:47

What would have happened if David had only acted or only believed? In what ways do we sometimes do either one or the other when we should both act and believe?

Read 1 Samuel 17:48-53

What happens when we operate in a 'both...and...' way?

Think about and share which (action or belief) you need to work the most on. Make this a matter of prayer.

Bringing it Home

As hard as it is to resolve the ways in which God works, He is always able to combine His work (in which we believe) with our actions to accomplish His will.

Bottom Line

When we assume the responsibility to act while at the same time trusting fully in His promises and work – victory will be the result.
